

Attorney Docket No.
COE-563

PATENT APPLICATION
Ser. No. 10/713,793

REMARKS

Applicants amended the "Related Inventions" section in the Specification and corrected minor grammatical and typographic errors in the Specification, Claims and Abstract. Applicants have submitted a Fee Transmittal herewith to charge a deposit account for an inadvertently mis-numbered dependent claim that resulted in the total number of claims being mis-counted by one. Applicants respectfully request that the allowed subject application be passed to issue as amended hereby.

Respectfully Submitted,

By:
